Spring 2010 ETSF Call Statistics

The sixth deadline for submission to the ETSF call for proposals was 21 April 2010. **20 proposals were submitted** and evaluated. They came from 20 different proposers from 17 different institutions from 10 different countries, involving 43 researchers.

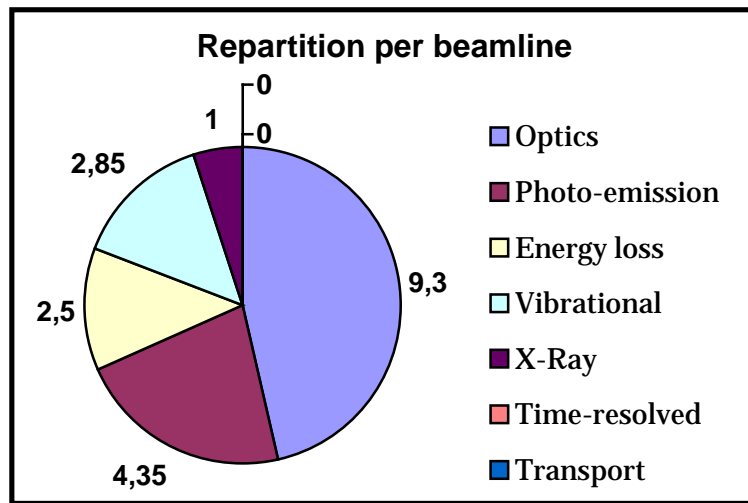

16 proposals were fully or partly accepted, and a proposer was invited for discussion with ETSF scientists (**80% of success**).

Proposers profile

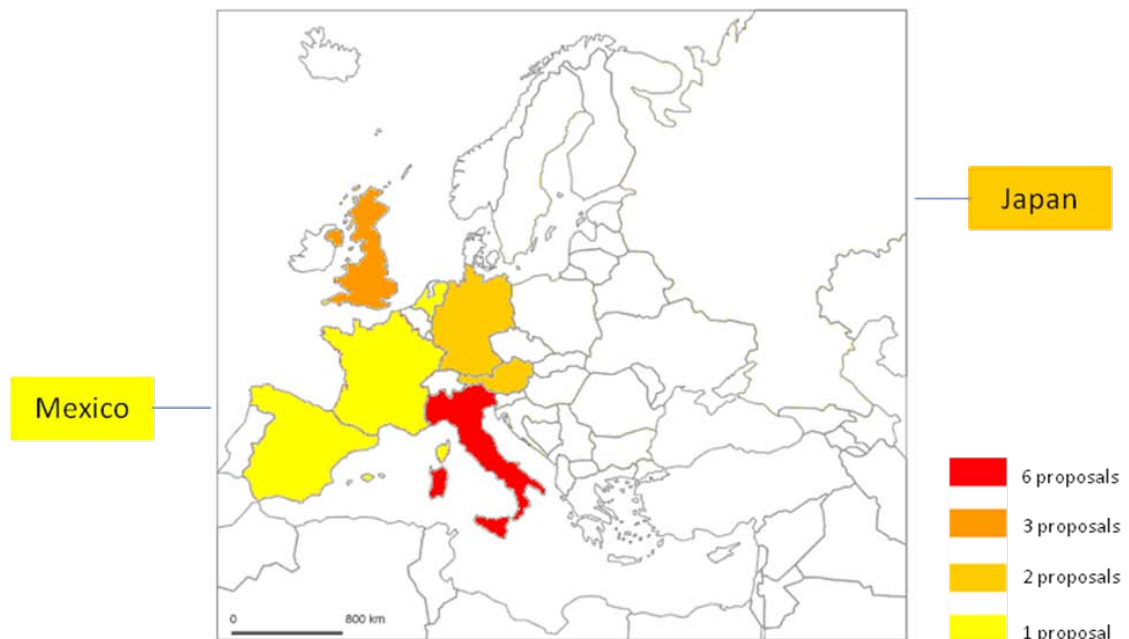

- 70% of the proposers are experimentalists
- 30% are theoreticians
- one proposer is from industry, the others from academia

Repartition of proposed projects per ETSF Beamlines
